FINANCIAL AND COMMERCIAL. WEDNISDAY, April 17—6 P. M.
The stock market has shown an improving tendency to day, the demand for the leading railway shares teing simulated by the prevailing minetary case. The supply of capital at this centre is intreasing, and lease on miscellangous collaterals. miscellaneous collaterais are made mainly at six per ant, the exceptional rate being seven. At the same time the leading dealers in government secu-dities are enabled to borrow at five per cent, although six is the outside rate. There is er offering for discount, which is taken at an per cent, but inferior grades are out of favor at uding the West, continues, without producing any ringency at the Western centres, where trade is begin-ing to show marked signs of improvement. The mone-ry condition of the country is now favorable to a liter state of things, both in and out of Wall street,

WESTCHESTER INTELLIGENCE.

ARREST OF A RAILROAD OFFICIAL.—George S. Thompson, late Superintendent of the Harlem Bridge and Fordham Railroad, has been arrested and consined in the county jail at White Plains, at the instigation of the President and Directors of the Company, for an alleged deficit in his accounts, amounting to \$2,500. About two weeks since he was called on to resign, and Mr. Schenck, formerly Superintendent of the Third Avenue Railroad, appointed in his stead. Since that time his books have been examined, with the regult stated. Thompson is a man about twenty-eight years of age, of rather attractive appearance. It is only very recently that he created quite a sensation with a span of bay geldings and a showy drag, a ta Anginis, on the fashionable drive. He is said to be very respectably connected, and has a wife and two children.

BATTERY H., FIRST ARTILIERY.—The members of this battery, under command of Captain Klein, after assembling for drill near the junction of Fifth avenue, Harlem, yesterday, proceeded to Melrose and spent the afternoon at the garden of Norse Castle. The clanking of swords and military trappings soon aroused the Feutonic element in the neighborhood, and despite the threatening storm and occasional showers quite a number of persons turned out to admire the "martial" bearing of the "gallant" H's.

ACTION FOR DAWAGES-A CASE OF LONG STANDING -The case of Henry L. Fogel against Green Wright, to The case of Honry L. Fogel against Green Wright, to recover \$150 for loss and damage sustained by reason of an explosion, which blow in a portion of plaintiff's dwelling house on Boston road, during the month of December, 1865, came up for trial before Justice Hauptman and a jury, on Tuesday evening. The court room was crowded to excess, and much interest was manifested in the proceedings. Although the testimony showed that the injury sustained could not be repaired for a lesser sum than that claimed, after considerable deliberation a vertical was returned for only \$38.44.

iomestic, who had been recently brought from the south by a lady residing at Mott Haven, forced her way through the back entrance of the bouse into the street, where she was joined by several colored females from Harlem. In company with her allies she proceeded to the front door and knocked loudly for admittance. To the surprise and terror of the lady an imperative demand was made for wages and liberty to take away her clothing. It appears the girl had been given in charge by her father until she came of age, but after heing decently clothed and otherwise well cared for showed a desire for theft as well as to leave the service of her benefactress. The wages, not being due, were refused, but rather than excite the troop of "dark" friends who accompanied her the clothes were permitted to be removed. Since the departure of the girl the lady has been applied to by several storekeepers for payment of quite a large number of articles procured in her name.

THE LABOR QUESTION.

The Varnishers and Polishers.

The jeurneymen varnishers and polishers, who are epresented by a protective organization numbering represented by a protective organization numbering about four hundred members, met at No. 15 Delancey street on Wednesday last for the purpose of discussing measures to secure an increase of wages. Last fall their wages were reduced nearly ten per cent, when they earned from \$15 to \$20 per week. They now receive from \$12 to \$15. After considerable discussion a resolution was passed ordering the men who are working below \$15 per week to strike for an increase to \$15, and report progress at the next meeting. The members of this organization are employed principally in plane and furniture manufactories.

The Dry Dock Practical Painters' Association.
The Dry Dock Practical Painters' Association held their regular meeting at No. 21 avenue D last evening, President Robert Smith in the chair. A number of new members were admitted, and the resolution allowing honorary members to work for twenty-five cents per day less than active members was rescinded. The meeting then adjourned.

The wind being light through the night, we did not make much progress. At noon next day, with 5 feet water in the hold, concluded to leave the wreck, as her pumps had choked with corn and impossible to clear them. The only way they had of bailing was by dipping the water out of the forecastle with buckets. At 8 PM received the capitain and crew and part of the schooner's materials on board.
